12 ga 2¾ in	1 oz rifled slug	Hunting	S-4133	5	30	15	30	At target	Safe 1, shelf C	2026-10-18
.22 LR	40 gr LRN, standard velocity	Training	S-5007	50	1,850	500	2,000	OK	Can 6, basement shelf B	2026-10-18

How to use: count sealed boxes × rounds per box, then add loose rounds. Copy the lot number from the box flap so you can trace accuracy or a bad batch. **Min** is your restock point; **Target** is where you want to be. Before a class, check its round-count list against On hand. Log every range day on page 2.
